## PRESS RELEASE

*For Immediate Release*

**PVC  
Hall B6, Booth #21**

### **Targray Technology to Demonstrate Latest Developments in its PV Product Portfolio at PVSEC**

**Hamburg, Germany, September 21, 2009** – Targray Technology International announces its participation as an exhibitor at the 24<sup>th</sup> annual European Photovoltaic Solar Energy Conference & Exhibition (EU PVSEC) being held at the CCH - Congress Center and International Fair in Hamburg, Germany. Targray will demonstrate the latest developments in its front and rear side pastes, encapsulant, targets, Phosphorus Oxychloride (POCl<sub>3</sub>), ribbon and potting/sealing solutions at Booth #21 in Hall B6.

Targray is a leading worldwide single source provider of silicon, raw materials and process consumables to cell, module and thin film manufacturers in the Photovoltaic industry. The Company offers a full-line of innovative, state-of-the-art products and raw materials that enable solar cell and module manufacturers to maximize their cell and module quality and reliability, while significantly lowering their manufacturing cost per watt.

The EU PVSEC ranks as the world's leading event specialized in Photovoltaics where this year more than 800 exhibitors will be presenting new ideas and technical solutions in this field. It is supported by the European Commission, UNESCO's Natural Science Sector, the World Council for Renewable Energy (WCRE), the International Photovoltaic Equipment Association (IPVEA) and is realized by WIP in institutional cooperation with the European Photovoltaic Industry Association (EPIA).

#### **About Targray Technology International, Inc.**

Founded in 1989, Targray Technology is a leading worldwide single source provider of silicon, raw materials and process consumables to cell, module and thin film manufacturers in the Photovoltaic industry. Combining 20 years of experience in process optimization with Solar industry expertise, Targray offers an extensive value-creating portfolio of cutting-edge products and innovative tailor-made solutions that provide solar cell and module manufacturers with a significant competitive edge by increasing yields and decreasing overall transaction costs. Targray is a global company with offices in
